February 2, 2020

I would like to thank all of you for the hard work I know you are doing for our program. All Grand Directeurs should be in contact with their local Voitures see what they may need and lend that helping hand or provide encouragement to give their programs a boost. Please check with your Voitures who are not participating in pin sales or the scholarship program and see what you can do to get them on board. If your Grand has not sold pins please order them, at least the Officers of your Grand should be setting the example supporting the Forty & Eight programs. There continues to be a shortage of Nursing students and the simple reason may be due to the shortage of funds. What an opportunity for us to shine and be the hero's in our local communities. Please consider doing the La Femmes pennies for Nurses as this is an easy way to raise a lot of money with the change we seemed to always discard. It's time that each Voiture look at selecting some for the new National Nurses Program, what a way to honor those who give so much for so little. Remember the Boland Trust is a way you to get scholarship money, the Directeur has not received any applications, so please let us work on it. As I look at the pins sales at the amount of membership and I know we can do better. We're currently in last place in per capita and donations. My goal is to be at the top, not for me but for the North East, you should be at the top for the things I hear and say you doing so let's get those pins ordered if you have not and let us set the bar for excellence. We should harness the passion for our program and spread the word. What heights could we achieve? I would like to hear from all of you about your program and what you may be doing different. I take no shame in stealing your ideas, giving you credit and sharing with others. It is a win win for our program.

To get the pins need for your Grande please contact Ernest Lane, he would very happy to provide all the pins you will need to reach your goals.
